Message From Our President

Dear Members,

Following the 2024 Annual General Meeting that was held in person in Alberta, we had to revert to a virtual format for the 2025 AGM, as no province offered to host it. I would like to take this opportunity to thank Ian Peden and Isabelle Dupré for their involvement over the past few years. Each and every member of the Board of Directors volunteers many hours of his or her time for the good of our Breed and the advancement of our Association. We will be back in Calgary for the next AGM, in the spring of 2026. We look forward to seeing you there.

It's interesting to note how popular Brown Swiss animals have been at various auctions since the beginning of the year. Whether on our side of the border or further south, Brown Swiss tend to generate better sales averages than most of the other breeds present, demonstrating a growing interest for quality animals in mixed herds.

As we continue to strive to improve our breed and the quality of our services, we welcome any comments from our Members that could be useful and constructive for the Association. In addition, Members who are interested have an opportunity to sit as external members on some of our committees, such as the By-laws Committee.

In my opinion, one of the challenges that breeders face on a daily basis is to obtain semen in a reasonable timeframe, as not only has the Schmallenberg virus greatly reduced the diversity of bulls available in America, but several new diseases in Europe are further complicating the import of doses. Over the next year, we will be looking to meet with a few insemination centres to discuss a strategy to help Canadian breeders acquire bull inventory more easily and quickly. It will be very difficult to increase the number of bulls eligible for import, as this decision is based on political issues, but we will be happy to work with our genetic partners if they are open to the idea.

Finally, I believe that our duty as breeders is to improve the breed through genetic matings, focusing mainly on daughters' fertility. Looking at the base change that was implemented during the recent proofs in Canada and the United States, we realize that we need to pay more attention to this particular aspect of breeding if we are to produce animals of interest to those who consider Brown Swiss to be a breed of the future. In addition, genetic improvements made by other breeds in recent years mean that we too must prioritize the production of more kilograms of fat and protein to increase productivity in our Brown Swiss and make them financially attractive.

Wishing you a beautiful summer, a good season in the fields and much success with your Brown Swiss!

Dave Rousseau
 President

Congratulations to the

2024 All-Canadian 4-H Contest Winners

2025 ALL-CANADIAN 4-H CONTEST

REMINDER: When you are in the show ring this season, take a side profile photo of your calf, so at the end of the year you can enter the All-Canadian Brown Swiss 4-H competition.

PICTURES:

- It shall be the responsibility of the exhibitor to secure and supply the photos of animals being entered in the All-Canadian Contest.
- The photos must be 5 x 7 unretouched black and white or colour glossy prints.
- Pictures must be made during the current year and show the animal in the same stage of growth as when she qualified in the show ring.
- The judges will have the authority to remove pictures from the contest if picture quality standards have not been met.

CLASSES FOR THE 2025 4-H CONTEST INCLUDE:

Brown Swiss Junior Class:

- 1. Junior Calf-Mar 1/25 May 31/25
- 2. Intermediate Calf Dec 1/24 Feb 28/25

Brown Swiss Senior Class:

- 3. Senior Calf Sept 1/24 Nov 30/24
- 4. Summer Yearling June1/24 Aug 31/24
- 5. Junior Yearling Mar 1/24– May 31/24

Applications can be found at www.brownswiss.com (Click on Information and Awards, News & Events)

Canadian Brown Swiss and Braunvieh

Youth Showcase

The Association is excited to introduce a brand-new youth section in The Bell magazine!

Got something funny or interesting to share?

We'd love to hear from you!

Send us a photo of yourself along with a short caption for a chance to be featured in The Bell magazine.

Let us know what you've been up to!

Submissions can be sent to: ipassaretti@holstein.ca

Hello Everyone,

First of all, an important message to all Youth – Isabelle from the Association Office informed me that they will designate one page of each BELL magazine for youth. Therefore, if any of you kids and youngsters have something interesting or funny to tell, please submit it to Isabelle – ipassaretti@holstein.ca. Also welcome are good pictures with an explanatory caption. So, get a head-start for a submission to the next issue of the BELL. Please note that this "Youth Page" is reserved for material other than 4-H stories and 4-H photos. Those will continue to be covered in a separate section of the Fall/Winter edition of the magazine.

What is New - Nothing much, but life continues to be great for us - we are not really retired, but it would be boring not to have anything to do. Anybody that had a busy life cannot just quit "cold turkey". Being from Switzerland, some of the English expressions still leave me puzzled as to who invented them – like the expression to quit "cold turkey"... how did that one come about? Anyway, the winter was a chance for us to do some more work around the house and that was enjoyable - most of the time, that is! It was not a rush and we took breaks when we felt like it and did a lot of reading, connecting with friends and all those good things. I also dove into re-organizing everything and getting rid of the "unwanted" or "no-longerneeded". I just love that job - no kidding. I spent hours and hours completely happy with recycling, re-purposing, givingaway good stuff and throwing out or burning useless stuff wow, it's a truly great job, try it.

Right now, we enjoy all the texts, phone calls and photos that our partners are sending to keep us up-to-date on all the new arrivals. They are doing a great job calving the cows and we go whenever to see them all and I have fun brushing the cows and playing with the calves together with Michaela. Nice for us, to still be able to be involved.

Farmfair International 2024 - We were again exhibiting at Farmfair last November together with Michaela and family, and the help of Sarah Junck and daughter Shaely. We had limited the entries to only six head. Initially, we planned for even less, but women have the right to change their minds and it proved to be a good decision. We selected so that we could enter almost every class and we had good luck with them. Swiss Tradition Marquis, Lea and Model Girl ended up Grand Champion Bull, Grand Champion Female and Reserve Grand Champion Female respectively. These three could, together with our heifer calf Maya, be used in the "Get-of-Sire", "Progeny of Dam" and "Breeder's Herd" classes, which earned us first places, Premier Breeder and Exhibitor. It really was a lucky year to have had the right animals, from the right sires, with the right birth days and similar weights all in one small group. Not likely to happen often... or ever again!

Out with the Old and in with the New-I have done the financial and secretarial duties for the Alberta Braunvieh Association since 2011, and have wished to retire from it for some time. Therefore, at our February 23rd meeting, Alana Schamber got voted in and I am happy to know that my efforts will be continued through Alana. She is a truly enthusiastic advocate for the Braunvieh breed. Alana and family are always quick to step in and help with anything, such as pitching in at Farmfair and lending a hand to all that need one.

I would like to take this opportunity to extend my sincere thanks for trusting me all those years to take care of the Alberta Braunvieh Association's business.

- Verena Peden

2025 Alberta Braunvieh Association Executive Report

On February 23, 2025, the Alberta Braunvieh Association met for the Annual General Meeting at Leduc, Alberta. There were 25 people in attendance, and it was a great time to share food, friendship, and gather together. The enthusiasm for Braunvieh is growing and looks great for the future. The picture was an afterthought, taken after the meeting and we are sorry if there are some people missed.

lan and Verena Peden's promotion and dedication to the Braunvieh Breed for 40 plus years have helped the Braunvieh breed get to where it is today. We thank them for their continued support; their efforts have shaped Braunvieh cattle in Alberta and Canada. As they step into retirement, we know they will remain busy and the grass will not be growing underneath their feet!

Our new executive was elected and are as follows: Riley Jans as President, Dana Vos as Vice-President, and Alana Schamber as the Treasurer/Secretary.

Riley bought his first Braunvieh heifer from Swiss Tradition in 2022. He now has a small herd and has recently formed his herd name: Jans Braunvieh. He is now a member of the Canadian Brown Swiss and Braunvieh Association. Riley has shown cattle at Farmfair International for the past three years.

Dana bought her first Braunvieh steer in 1984 for 4-H then bought her first Braunvieh heifer in 1986. This was the start of many years showing Braunvieh, until the early 2000s. In 2020, the passion to raise Braunvieh cattle renewed with her children and once again she is raising Original Braunvieh Cattle.

Together with her husband, Bryce, and their five children, the Vos Braunvieh herd continues to grow.

Alana Schamber first became involved with Original Braunvieh cattle in 2017, after their family purchased their first Braunvieh cattle from Ian and Verena Peden. Since then, the herd at Tin Forest Farm has grown, along with their appreciation for the breed.

The new Alberta Braunvieh Association executive looks forward to working with Braunvieh cattle breeders. It is a great time to be raising cattle and especially Braunvieh cattle! At the meeting, a Youth Committee was formed, as we hope to encourage more youth to become involved. As an executive, we welcome new members and new ideas.

This year, Farmfair International will be held on November 5-8, 2025 in Edmonton, Alberta. We encourage all Purebred Braunvieh breeders to submit cattle entries and be a part of the show.

February 23, 2025: Alberta Braunvieh Association - AGM

 Riley Jans, Dana Vos and Alana Schamber Alberta Braunvieh Association Executive

More From Alberta

While looking through minutes and notes collected over the years, I once again realized that time does indeed fly. The following is a quick summary of the things that happened during my service as the Alberta Director to the Board of the Canadian Brown Swiss and Braunvieh Association:

I started in the position to represent Alberta in June of 2012, after Ted Kostenuke (then the Director to the Board) nominated me to take over for him. I wasn't exactly into this kind of thing, but relented, since no one else was going to step up to the plate.

I attended my first AGM in 2013 in Rivière-du-Loup, Quebec. In 2014, I went to Kincardine, ON. Back to Quebec (Trois-Rivières) in 2015 and to Guelph in 2016. In 2017, I flew to Quebec City – a trip to remember, due to a grand snowstorm, causing tiresome delays. 2018 and 2019, the AGM was held in Lyndsay, Ontario and Alma, Quebec.

On these trips, I met various member breeders from Quebec and Ontario and enjoyed visiting with everyone at the banquets and farm tours. Everything was always well organized and I convinced Verena to join me for the 2020 AGM, thinking it may well be my last one, since I was hoping to find a successor for my position one of these days. We arranged to have things looked after at the farm and booked flights to Ontario early. Then the unexpected! It was a great disappointment when COVID forced the cancellation of our trip. Virtual AGM's became the "new normal".

This, however, changed in 2024, when the AGM was scheduled for Calgary, Alberta, thanks to the enormous efforts made by Dana Vos, who organized the whole meeting, silent auction and banquet with little input of anyone else.

This year, it was back to "virtual" for my last meeting as a Director. I have resigned as the Alberta representative and Dana Vos was nominated and elected. For next year, she again is organizing an AGM "in person", no task is too big for her to commit to. Dana has already reserved Friday, February 20, 2026 for the AGM at the Clique Hotel in Calgary, Alberta. Therefore, I encourage everyone to save that date and come to meet us Albertans face to face.

Now, I would like to say thank you to all the Board members and staff, with whom I worked over the years, for the opportunities given to me to represent the Braunvieh breeders' interests and goals. Dana Vos will be an excellent replacement for me. She is very knowledgeable about Braunvieh and is tireless in doing the best for the breed.

Respectfully,

– Ian Peden

Farmfair International 2024

Class 46: Breeder's Herd. L-R Riley Jans with VOS MEGAN, Harlie Jans with VOS MOOSE, and Jordan Vos with VOS MONEY, Bonnie Jans with VOS MOSE, and Jordan Vos with VOS MARIO Vos Raunvieh placed 2nd

In class 15 Senior Champion, HARLO and MARLO were the Champion as well.

Farmfair International 2024

News from Manitoba

Brown Swiss Represent at COYF Nationals 2024

I was introduced to Brown Swiss over 15 years ago while showing cows with my boyfriend, Marcus Dueck, and his family in Morris, Manitoba. Four Oak Farms had switched from Holstein to Brown Swiss after falling in love with the breed at shows.

Fast forward to 2024, and I find myself married to Marcus with two daughters, running Four Oak Farms in Kleefeld, MB.

Text Box 2, TextboxIn March of this year, Marcus and I were nominated and then a bit later selected as Manitoba's Outstanding Young Farmers (COYF) and spent the summer preparing for Nationals. Provinces take turns hosting the National Event, this year it was being held in Lethbridge, AB. In 2026 it will be in B.C and in 2027, it's Manitoba's turn!

In November, Marcus and I left our daughters and the farm in the hands of his parents and our worker and headed to the National Event.

We met our fellow nominees who had been selected in their provinces and spent the week in AB listening to each other's presentation, going on tours and dining together. During this time, we had many conversations about our Brown Swiss and our tie-stall milking robot. There was plenty of hospitality where you had the chance to meet Alumni of the program who attend this event annually. The COYF program attracts a diverse group of progressive farmers and sponsors who are all encouraging and welcoming.

Program Overview

Canada's Outstanding Young Farmers Program recognizes young farmers who exemplify excellence in their profession. Eligible nominees must be farm operators between 18 and 39 who derive a minimum of two-thirds of their income from their farm operations. Each year one farming couple is selected from each of the program's seven Regional Recognition Events to represent their respective region at the National Recognition Event.

At the National Event, the seven honourees are recognized for their achievements and judged by a distinguished panel of judges using the following criteria:

- Progress made during their farming career
- Maximum use of soil, water and energy conservation practices
- Crop and livestock production history
- Financial and management practices
- Contributions to the well-being of the community, province and nation

I encourage you to take a moment to read the program's overview and visit their website at https://www.oyfcanada.com/language/en/about-coyf/ to nominate a farmer. It is an exciting journey and gives young farmers the chance to take a closer look at how and why they choose to farm.

Each year, two of the seven honourees are chosen by the judges as Canada's Outstanding Young Farmers.

The vitality of the Program is maintained through the continued participation of alumni, who return each year to the National Recognition Event to honour and welcome new members. The OYF program is sponsored nationally by Agriculture and Agri-Food Canada, Bayer, CIBC, CN, John Deere Canada ULC and Sollio Agriculture.

I wish you all a happy farming career, though it is challenging, it is also rewarding.

- Paige Dueck

Four Oak Farms, Canada's Outstanding Young Farmer Manitoba 2024

The Story of Tailormade Farm

The Tailormade Farm started with Brown Swiss in 2017 with three aging but enthusiastic partners. We all love to work with Brown Swiss animals. We are located 10 minutes south of Brandon, Manitoba.

The farm has Holsteins, Jerseys, and around 35 Brown Swiss (15 cows and 20 young cattle). All the animals at the farm are oriented for show.

The majority of Brown Swiss have the potential to be successful as show cattle. Seven of eight mature cows are EX, first and second calves are Classified between GP84 and VG88.

News from Ontario

Spring is underway here in Ontario, though it has been quite cool and wet. This is good news for our farmers because we need the moisture.

This summer we have a few events to look forward to. Our first event will be our Annual Picnic at the home of Stefan and Rita Gubelmann. We are looking forward to seeing their new barn renovations and spending time with fellow Brown Swiss Breeders in the nice weather. The date of the picnic this year is Saturday, July 5 so if anyone is in Ontario at the time please keep this event in mind.

Each summer, we have two Brown Swiss Shows. Our 4-H members do an excellent job of training their calves and making these events a tremendous success. The first one is at Hanover Fair on Saturday, August 9. Registrations for this fair will be done on AssistExpo.

Our second major show is held at the Kincardine Fair, and will be on Saturday, August 30. We look forward to seeing the hard work the 4-H members have done with their calves all summer.

This is our Ontario Board of Directors, so feel free to contact them if you want to see what is happening with the Brown Swiss Breed in Ontario.

Happy Spring!

ATTENTION BROWN SWISS BREEDERS The 2025 Annual Summer Picnic is just around the corner!

& Yolanda Gubelmann will be hosting this year's
Ontario Summer Picnic at

82301 North Line WALTON, ON.

Date: Saturday July 5, 2025 Start Time: 11:00 am

We look forward to seeing you there!

News from Quebec

Greetings to all Brown Swiss Enthusiasts!

Seasonal work is already well underway. I hope the last winter wasn't too harsh and that you were able to make the most of it. At our last AGM, Mr. Étienne Boivin-Côté stepped down. Étienne, a big thank you for your involvement over the last few years, and we look forward to seeing you at future events. Mr. Sem Lehmann has returned to the Board. Welcome!

Last April, the Multi-Breed Mentorship Sale was held, with three Brown Swiss animals featured. Despite a number of improvements to the running of the sale for this second iteration, it is clear that we'll have to roll up our sleeves again next year. It's a great showcase for the breed, so we must take advantage of it. I would also like to invite you to take part in the Dairy Supreme on August 20 and 21, and register your best animals, as it is an excellent opportunity to showcase our wonderful breed.

This year, your submissions will be needed for the return of our calendar, in collaboration with BS Canada. Buying a page or half-page is a great way to get the word out about your business, so grab your cameras and take a picture of your lovely Brown Swiss. To reserve your page, simply contact a member of the Board of Directors. We'll publish more details on how to proceed in the coming weeks.

This fall, we will be holding the Brown Swiss Cup, a popular competition for breeders and an opportunity for us to visit many breed enthusiasts across Quebec. At the time of writing, the Judge had not yet been confirmed, but should be announced shortly.

A few projects still in the early stages are taking shape with other Breed Associations. We'll keep you posted as they materialize - some exciting things are on the horizon...

As the date and venue for the next Brown Swiss Picnic have already been set, I'd like to take this opportunity to invite you to this great gathering, even though it's just over a year away. The Picnic will take place in the Lower St. Lawrence region on August 1, 2026, and Ferme Charluson inc. of Saint-Cyprien will be our host.

In closing, I would like to thank Quebec Brown Swiss' Board of Directors once again for their important and vital volunteer work.

I wish you all a great summer season. Take good care of vourselves!

Message from the Registrar

SPRING UPDATE FROM THE REGISTRAR'S OFFICE

Hello everyone,

I hope your year is off to a great start! With warmer days ahead and summer just around the corner, it's the perfect time for a quick update from the Registrar's Office.

Here's where things stand so far in 2025 January 1 – March 31:

- 7 new members have joined the Association
- 26 registrations have been completed
- 319 classifications have been completed

Falling behind on registrations?

No worries—we're here to help! Reach out to see if you qualify for our catch-up program.

Pending transfer?

Please send it directly to the Registrar by mail or email.

Make sure to include:

- A copy of the certificate of registration
 (An electronically submitted transfer application or written/electronic agreement is also acceptable)
- The date of transfer
- The seller's signature or written approval

If you have any questions or need assistance, don't hesitate to contact me by email at ipassaretti@holstein.ca or by phone at 1-855-756-8300, ext. 223.

Warm regards, Isabelle Passaretti Registrar

A note from the DairyTrace Customer Services Team:

After more than four years of traceability data collection, DairyTrace has matured to focus on data completeness and integrity as well as value added benefits. DairyTrace has started building on the current infrastructure of its traceability database to provide metrics, ensure data integrity and accuracy as well as incorporate tools that will help connect the industry and provide benefits across the dairy value chain.

This new focus relies on many different team members, including the Customer Services team! In addition to assisting producers through calls and emails for reporting events, recent Customer Services initiatives include identifying data inconsistencies and data improvement projects, such as:

- Animal inventory clean-up projects
- Premises information verification
- Account updates and inactive account validation
- Looking into contradictions in timing of events reported (e.g. a move-in reported for an animal after the date of tag retirement) ...and more

Animal Identification

Animal Movement

All traceability events such as tagging, movement and end of life, are integral in following the life of an animal from its dairy farm of origin to end of life and identifying all other animals it may have been in contact with.

In addition to reporting traceability events, did you know that the DairyTrace Portal offers these additional tools and functions? **Log in and explore!**

- 1 Order New & Reissue/Replacement Dairy Tags
- 2 Generate a Birthdate Certificate
- 3 Age Verification Animal Search

- 4 View & Edit Events Reported
- 5 Download the DairyTrace proAction® Report
- 6 DairyTrace Premises ID Search

In Québec? *All tag ordering and traceability reporting for dairy farmers in Québec continues to be offered through Attestra and the SimpliTRACE database.

My name is Cailyn Barton and I'm the third-generation dairy farmer at our family farm. We're a 150-cow herd, milking 60 cows on one Lely A5 robot on about 500 acres on the southernmost part of Lennox and Addington County, on Lake Ontario.

I spent my life growing up and working on the farm with my parents and three older sisters. But I was never really interested in cows, genetics or showing until I joined 4-H for the first time when I turned 17. That year, I purchased my first-ever heifer at a spring sale hosted by Cherry Crest Holsteins. I bought a Red and White Holstein calf, Ingholm Addiction Jellybean, and created the prefix "Gingerlane" that year to start my own herd. From that day on, I fell in love with this industry and the cows. I started buying more heifers year after year because I loved showing and caring for them so much. But before I knew it, I was off to school.

I attended Olds College of Agriculture and Technology for two years for a diploma in Agricultural Management in Alberta. I fell in love with the West and almost didn't come back, had it not been for my beautiful cows waiting for me at home.

After four years of buying Red and Whites and having excruciatingly poor luck, I decided to switch things up. So, in the spring of 2022, after much deliberation, I looked at all the coloured breeds and decided to go in the direction of strong, docile, easily adaptable cows, and started my Brown Swiss herd.

I didn't know much about the breed or where to start but I did know one name, Gubelmann. So, a Facebook conversation later, I picked out a bred heifer, GUBELMAN HIGHLIGHT CASSIE-P, due to sexed O Malley for that June.

And boy, was that maybe the greatest purchase I have ever made! To date, she's given me three gorgeous heifer calves, scored 91 points just one day fresh in her third lactation and is currently pregnant with her fourth calf.

With that one purchase, my Swiss herd has grown to four, with three calves on the way by the end of 2025. And even better, they love the robot. Currently, CASSIE and her oldest daughter CLEMENTINE are both in lactation and average three milkings a day. They've done phenomenally in our free-stall flush barn, never a lame step, and breed back first service. I can see why this breed is getting really popular right now, there's just so much to love about them!

After a few years of milking and raising some Swiss, I knew I wanted more. So early 2025, I started looking at sales. And what a year for Brown Swiss! From College Royal Sale, to

Red Carpet and Calves for a Cause, they just kept topping the sales everywhere. It wasn't until I traveled to Nova Scotia for the National Holstein Convention that I found my next purchase at the Atlantic Spring Show. There was a tag sale happening at the show and that's when I locked eyes with the only Swiss at the entire show, LEIGHSIDE FAMOUS DANDELION, hot off her class win the day before. I fell in love with her at first sight, and she just so happened to be exactly my budget, as if it was meant to be. Now settled in back home, I can't wait to see her grow and develop here at Gingerlane Holsteins and Brown Swiss. With a foundation like this in the breed, I can't wait to see what the future holds.

- Cailyn Barton

The New Lifetime Performance Index (LPI)

Since its introduction in 1991, the Lifetime Performance Index (LPI) has been a crucial tool for dairy farmers and breeders, guiding informed selection and mating decisions. Over the years, the LPI formula has evolved alongside industry breeding objectives with the inclusion of additional traits. The latest update, in April 2025, marked the launch of a modernized LPI for seven dairy breeds, including Brown Swiss. Let's delve into these recent changes so you can make the most of your breeding decisions.

Five Subindexes for Balanced Breeding

The new formula includes five subindexes for the Brown Swiss breed, namely Production (PI), Longevity & Type (LTI), Health & Welfare (HWI), Reproduction (RI), and Milkability (MI). Each of these subindexes are published on their own and combined into LPI while maintaining the previous LPI scale, providing several options when making selection and mating decisions. Figure 1 shows the relative weights of each subindex in the LPI formula for the Brown Swiss breed. The subindexes were developed in consultation with the Canadian Brown Swiss Breed Association, industry partners, and breeders by identifying the traits to be directly included as well as traits that are favorably correlated with the subindex, even if not directly included. Each subindex is defined in more detail below along with the traits included for the Brown Swiss breed.

Figure 1. Relative Weights of Subindexes in the Brown Swiss Modernized Lifetime Performance Index

The **Production Index (PI)** is similar to the previous Production component of the LPI with the aim of maximizing fat and protein yields thereby increasing profitability. This subindex is also positively correlated with Milk Yield, Fat Deviation, Protein Deviation and Lactation Persistency.

The **Health & Welfare Index (HWI)** improves disease resistance with selection for Somatic Cell Score. In combination with superior management, the HWI will lead to healthier, more disease resistant cows thereby decreasing expenses.

The Milkability Index (MI) is a new component of LPI with an aim to optimize milking efficiency designed to help all dairy farmers regardless of their production system. In addition to moderate weights on Milking Speed and Temperament, this subindex includes mammary traits related to desired udder and teat attributes.

The Longevity & Type Index (LTI) aims to enhance herd longevity favouring functional conformation through selection for Herd Life, Mammary System, Feet & Legs and Rump.

The goal of the **Reproduction Index (RI)** is to achieve genetic gain for female fertility and calving performance, which is represented by Daughter Calving Ability. Selection for this subindex also yields progress for Calving Ability.

Quickly Identify Animals that Standout for each Subindex

To help you compare subindex values and identify elite sires, each subindex is expressed on a standardized scale. The average proven sire is set to 500 with a standard deviation of 100, which means that two-thirds of proven sires will fall between 400 and 600. Favourable values will reach 700 or more. For each animal, the subindex values are published on the LactanetGen.ca website on their Genetic Evaluation Summary page along with the combined LPI value. This page includes histograms for each subindex that provide a quick reference to see the strengths and weaknesses for an animal.

Personalizing Your LPI

If you are looking for a more tailored approach geared toward your individual herd goals, you have the option to create your own personalized LPI (pLPI) by customizing the percentage relative emphasis on each subindex. In just three easy steps you can view your pLPI alongside the official LPI for each animal:

- 1. Create an account on LactanetGen.ca
- 2. In your "Preferences" page, select Brown Swiss as your preferred breed and then modify the subindex weights to create your pLPI.
- 3. View your pLPI via either the Animal Query or Group Query results.

Summary

The LPI has been updated to reflect a more modern approach to balanced breeding, combining important traits into five subindexes for the Brown Swiss breed. You may wish to make selection decisions based on this official LPI, individual subindexes values and the histograms, or create a pLPI to prioritize subindexes that are most important to you. With LPI, you can boost genetic progress and select for a herd that is high performing, efficient, and long lasting!

Eloc Brown Swiss

Eloc is just Cole spelled backwards. My brother and I bought the farm in Middle Musquodoboit in 1982, and worked towards improving production and type of the cows on the farm. I saw my first Brown Swiss at the Royal in 1969 while on a 4-H trip, and saw them again while I was at the Ontario Agricultural College in Guelph, from 1973 to 1975. I remember meeting Chris Bender, who took quite a bit of time talking about the breed. At that time, there were few Swiss in Nova Scotia – the largest group was probably owned by Lyndon and Doug Langille, but I was unable to buy a cow or heifer from them.

Eventually, I was able to buy some Brown Swiss animals both from here and Ontario. There are only two cow families in our herd. The first are descendants of Terra Nova Tofino, which I bought from the Ontario Club sale in about 1987. I was able to get some offspring, and these morphed into being "K" names. The other family is descended from Glanbrook Pentide Roxanne

who I bought out of the Glanbrook dispersal at Brubachers. Ralph Jardine gave me a call about the calf, knowing that I was on the lookout for a good 4-H calf for my daughter, Joan. The early days of showing Swiss in 4-H were tough, some judges had never seen them and didn't really know how to place them. One judge said to me about a month after our Provincial 4-H Show –"I thought she was really good, but I didn't know." There are many more 4-H Swiss calves shown now. There have been two selected from our farm for the 4-H Classic at the Royal over the years – a great experience for the members.

We had always shown at our local exhibition (Halifax County Exhibition), in Middle Musquodoboit. There are Holstein and coloured breed classes, so we showed the Swiss with the Jersey, Ayrshire, Guernsey, and Milking Shorthorns. We have done well over the years, with a couple of Grands, as well as Junior Champions. Carolin Turner, who was in classifying a number of years ago, came to a cow and asked, "What's this cow doing here? She needs to get out and be seen! If you want her to be seen, take her to Madison." Our son, Sandy, took Eloc Wagor Kandid to Madison with Callum McKinven. She was sold the night before the show to Ken Main and Peter Vail and was third in her class. The next year, she was Grand for Elite Dairy. The bull she was carrying when sold was Cutting Edge Kingsman at NGG. Kandid had a long show career throughout the US and was scored the first 95-point Brown Swiss. In 2019, Pierre Boulet judged the Halifax County Exhibition, and selected Eloc Biver Rennie as Grand and then Supreme Champion. She left for Quebec after the exhibition was over, and was Grand at the Supreme, for Boulet and Sicard less than a week after our local show. She was Reserve Intermediate Champion in Madison in 2020, after being second in her class in 2019. There have been other calves sold that went on to be shown in the US. We don't have time to get our own cattle out to larger shows, so we're content to sell a good one if we have one!

The Brown Swiss herd was never large, usually around ten milking

cows, but has ranged from a low of two to fourteen milking. Right now we have three ME, and six VG, including three first calvers. Current production is 10,273 kg, 4.5% fat and 3.72% protein. Over the years, my whole family has been involved in the farm and helping to milk about 55 cows in an older tie-stall barn. Initially, I worked with my brother Dave and his family. They have since established Wynt Jerseys, just up the road.

My wife, Rita, comes to the barn every morning to help finish up and steps up to milk during cropping, as well as doing the books and keeping us all organized. Sandy, his wife Emma, and their children Pippa, five, Lauchie, three, and Tilly, one and a half, have taken over the farm, and Emma has also developed a flower business - Just Bloom Flower Farm. Daughter Joan is a landscape architect, lives close by and helps with milking and cropping when needed. The youngest daughter, Allyson, lives in Creston, BC and works as a nurse. She still gets in at least one milking when she's home. All went through the 4-H program, as did Rita and I.

In 2019, Sandy and Emma bought the farm and Holsteins, and I kept ownership of the Swiss - just to have some genetic input and interest. The great thing about not being in a "breed area" is, you can do things your way - you don't know about the fads or fashions. By the same token, you lose out on useful information, such as how to look after Brown Swiss calves. The Internet has disseminated a lot of information about the breed - some of it useful, some of it not!

We received our Master Breeder Shield in Hamilton in 2024 for Colstein Holsteins. Receiving the Master Breeder Award for Brown Swiss is an honour. Over the years, there have been a lot of breeds kept at Eloc Farm - draft ponies, Beef Shorthorns, Shropshire sheep, Jerseys, Milking Shorthorns, Holsteins, show poultry – fowl and waterfowl. I enjoyed them all, but the Brown Swiss are my favourites.

- A. Dean Cole
