Message From The President

It's the second last week of November and I get the first warning: *"Ken I need the President's message."* A week later a friendly reminder arrives: *"When can I expect it?"*

It is now December 7th, and a line gets drawn in the sand *"I really need your message by Friday!"*. That's the 8th. How did this happen? Where did the days go? I'm sorry Jessie, you will have it I promise...

Is everyone like me? I don't mean to procrastinate, it just happens. As I run around the farm trying to get those last few acres harvested, last field ploughed, or manure spread, things get forgotten. I mean well, but the "squeaky wheel" as Ernst often termed it gets the grease and sometimes the little things get forgotten or pushed aside.

The older I get the faster "Life" seems. It is like an old locomotive. With each stroke, or stage of our lives, it seems to build until it can become out of control. The year 2017 has been one that feels that way for me personally. It has been a constant battle. We fought the weather to get crops planted, nurtured and harvested. We tried to find a balance between farm life and family life. We experienced losses both in the barn and around the kitchen table. Personal and financial decisions that will affect the rest of our lives and those of our children had to be made, and once again those little things or little ones were asked to wait, to be quiet, to be good.

I think at this time of year it is important to recognize those little things that get forgotten or taken for granted. I'm not talking about the tractor that starts when you forgot to plug it in the night before. Nor do I mean the 20 dollars you found in your winter jacket when you put it on for the first time this season. I am referring to the stranger who stops and goes out of his way to let you know "that" heifer is on the road again. That teacher that gives up his lunch hour to teach Judo to a group of 7 year olds so they will stay out of trouble. That

volunteer who agrees to take on another task when they

are already busy, but can't imagine his godson's hockey team not having a coach. I know I'm guilty of taking my in-laws for granted. Whenever our little Angels have us at our wits end, they whisk them away so we can recharge and accomplish whatever task needed less little hands.

It's time we all learned to slow down and appreciate those little things and the people who have a profound effect on our lives. It might be a wave from a stranger, a hug from a long lost friend, or a text message or tweet that can put a smile on your face and turn your whole day around. It's time we learned to recognize the amazing things that happen every day... the sun rise of a day filled with promise, a new born calf that comes unassisted, a child who does their homework without being asked, or a group of volunteers that run an organization on a shoestring budget.

It is not necessary to give gifts or titles to recognize these people or things. Often being grateful is more than enough. This year I chose to be grateful. Grateful to the amazing supporting cast in my life: my wife, my parents, my in-laws, my family and my friends. Grateful I get to raise my kids on a dairy farm in Canada and all the freedoms that come with it. Grateful for Jessie Weir – who manages our association and has the patience of a saint. Of course I'm grateful for the Big Brown Cow. She not only provides me with my livelihood she does it efficiently and looks darn good doing it!

From our family to yours, Merry Christmas and a Happy New Year!!

Ken, Shannon, Riley and Keira Drummond

Classification Schedule

January - Early March 2018

Early January

ON – Thunder Bay, Nipissing & Algoma, Timiskaming-Cochrane,
QC – Laprarie & Napierville, Iberville, Brome, St Jean
PEI, NS, NB, NFLD

Mid January

ON – Glengarry, Stormont, Dundas
ON – mid-round: Perth
QC – Shefford, Ruchmond, Missisquoi
QC – mid-round: Riviere Du Loup & Temiscouata, Rimouski &
Matane, Matapedia, Matane, Rimouski & Bonaventure

Late January

ON - Niagara, Wentworth, Brant, Haldimand-Norfolk
QC – Compton, Sherbrooke, Stanstead
QC – mid-round: Arthabaska, Megantic & Wolfe
Saskatchewan

Early February

ON – Prescott, Russell, Carleton
QC – mid-round: Lotbiniere, Nicolet, Yamaska, Drummond

Mid February

ON – mid-round: Leeds & Grenville, Lanark & Renfrew, Grey,
Bruce, Huron
QC – Frontenac, Beauce, Quebec & Montmorency
Mid-round British Columbia

Late February

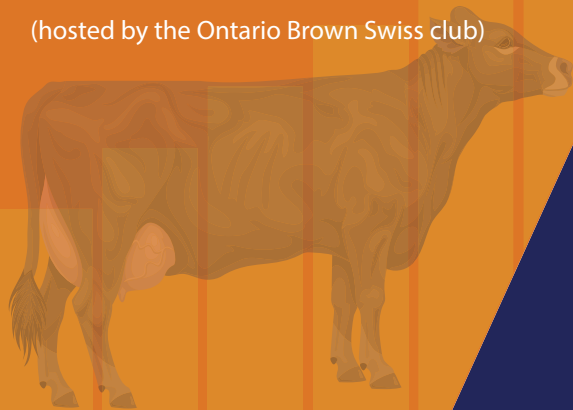

ON – Mid-round: Halton, York & Peel, Simcoe & Dufferin, Ontario
QC – Dorchester, Levis, Bagot & St Hyacinthe
QC – mid-round: Abitibi & Temiscamingue

Early March

ON – mid-round: Peterborough, Northumberland
ON – Lambton, Middlesex, Elgin, Essex & Kent
QC – mid-round: Quebec Central, Quebec West, Deux
Montagnes & Terrebonne
QC – Bellechasse, Montmagny, L'Islet

Canadian Brown Swiss and Braunvieh Association Annual General Meeting

(hosted by the Ontario Brown Swiss club)

Days Inn and Suites Lindsay
134 Angeline Street South
Lindsay, ON, K9V 3L6
Phone: 705-328-0100

A block of rooms will be held until February 15th.

Thursday, March 15: 9:00 a.m. National Board Meeting

Friday, March 16: 8:30 a.m. Registration for Annual General Meeting
9:00 a.m. Annual General Meeting
6:30 p.m. Banquet and Silent Auction (the Ontario club would appreciate items for the auction)

Saturday, March 17: Barn Tours

Amendments to the constitution are due to the office by January 15, 2018.

Swissgenetics Breeding Value Highlights December 2017

BROWN SWISS

The December proof run, coming three days after Expo Swissgenetics, once again confirms the top qualities of our Brown Swiss bulls. Simbaboy, Biver, Falk and Alasko impressed all the visitors with balanced and solid groups and now these bulls are showing very nice proofs.

New releases:

Scherma Blooming BIVER (Blooming x Nesta x Moiado): BIVER added many new information values in Switzerland, now he has 385 daughters on his proof. At the same time he received the first indexes with the daughters in many other countries. Biver has made a big jump up in milk production and at the same time is confirming his type profile as the first contender of Blooming for the leadership of Conformation and Show Type. At the same time Biver is BB for k-casein and A2A2 for beta casein. (Picture: Hofstetter Biver BEVERLY)

FALK (Einstein x Huray x Jolden): Every breeder that milks Falk daughters is telling us the same thing: the daughters of this bull are milking like crazy! FALK combines all best genomic traits of bulls like HURAY and JOLDEN. Falk shows great numbers for all production traits but at the same time he can improve the conformation and the fitness traits. The right bull for the balanced breeding philosophy.

(Loca Falk CHIARA)

Gantenbein's Blooming ALASKO (Blooming x Eros x Denmark): Another BLOOMING son with a full proof. ALASKO, as his sire Blooming, can add dairy character, long body, strong topline and correct rumps but he is a complete bull with a solid profile. Production, conformation, longevity, k-casein BB and beta-casein A2A2. His genetic cross makes him an easy choice for countries like Germany, France and Italy.

Proven sires:

Egochs Dally SIMBABOY (Dally x Vigor x Poldi): Since last April SIMBABOY has been the Swiss leader of the GZW ranking. This bull shows incredible deviations for protein %, udder composite and all traits related to longevity. SIMBABOY is one of the best bulls worldwide for an important trait like the daughter fertility! This bull is an important option for all breeders looking for easy management and cost reductions. He is BB for k-casein and A2A2 for beta casein.

Lindenhof-TopBS Dally SALOMON (Dally x Macky x Agio): SALOMON has a solid proof based on 693 daughters who are in Switzerland, Germany, Italy Austria and France. If you want to improve production and conformation at the same time, Salomon is an easy choice! This bull is the right mate for females sired by BLOOMING and his sons and for females sired by HURAY and his sons. SALOMON is BB for k-casein and A2A2 for beta-casein.

Scherma Glenn BLOOMING-ET (Glenn x Arsene x Premium) We will never stop talking about BLOOMING! His daughters are dominating the shows worldwide! BLOOMING is the undisputed leader for conformation and adds great numbers for protein kg and daughter fertility. He has k-casein BB and beta-casein A2A2.

Schärz BS Vigor ANIBAL-ET (Vigor x Mascot x Starbuck) With more than 1300 milking daughters, Anibal continues to be one of the most complete bulls of the breed! This is the right bull for commercial herds with incredible numbers for all fitness traits. ANIBAL has other two good qualities: k-casein AB and beta-casein A2A2

(KibaFarm Anibal MIOARA)

Bulls such as **NORWIN**, **GENOX-BOY**, **CALVIN** (available only in Europe), **VILENO**, **GUSTI**, **NESCARDO** and **GINO** are adding more power to our top line-up of proven sires.

New releases Optimis (genomic bulls):

JANIK (Nescardo x Jongleur x Collection): This bull is the only bull worldwide that can show two winners of Swiss Expo in Lausanne in his pedigree! His dam Jongleur JAQUELINE and his grand dam Collection CORELLA are two of the best show cows of Switzerland and these cows can transmit these qualities! JANIK has a top genomic profile for conformation and show type!

LENNOX (Biver x Calvin x Glenn): The first calves were born during the last three months and now LENNOX is the most used bull in Switzerland with sexed semen! Could be it a good signal? His dam Calvin LEILA is the best daughter of CALVIN. LENNOX has a balanced genomic profile and is showing great indexes for components, fitness and conformation!

VICTOR P (Viking P x Glenn x Vigor): The new top polled bull out of the most popular Swiss cow family. VICTOR's dam is a GLENN daughter out of the family of Starbuck JOLA, the dam of our top bull JONGLEUR! With VICTOR we finally have a complete polled bull: pedigree, genomic indexes and deep cow family!

GATTUSO (Blooming x Zaster x Prunki): One of the last sons of Blooming available worldwide. Out of new cow family with high longevity and high production, Gattuso shows the best milk kg index of all Blooming sons and he adds a nice type profile with very good numbers for longevity and udder composite.

ALLEGRO; **HOLDEN**, **PIERO** and **BUFFON** are four Anibal sons with top genomic profiles and these bulls are on the top of many list in many different countries.

After some years of hard work and investments, Swissgenetics can offer a very good group of polled bulls, please take a look at the bulls listed here below:

BRASILIO PP (Viking P x Vasir x Jamie P) first available homozygote polled bull!

ASTORADO P (Vasient P x Glenn x Vinozak) polled bull with high numbers for production indexes, he is out the Zephir cow family.

PELE P (Promo P x Glenn x Vigor) polled bull out of the JONGLEUR family.

VERSUS P (Vasient P x Glenn x Emerald) one of the most complete polled bulls worldwide.

Other available polled bulls are **AGITO P**, **VALERO P** and **KODIAK P**.

New Generation Genetics Press Release

More Proven Success!

54BS539 RICHARD was one of our most popular genomic bulls. And now, with his 1st daughter proof, he has soared to a lofty +1326 milk +1.3 Type and +1.32 Udder Composite! The type results are right in line with his original prediction, and the production is higher than his highest prediction, now ranking as the #4 proven milk bull!

54BS526 DAVENPORT added information and improved across the board especially jumping for fat % and pounds. Solid production, high type and udder composite, he is one of the breeds best proven bulls for DPR.

54BS509 CADENCE now has 429 daughters and remains the breeds most complete bull ranking in the top 10 for nearly every important trait. Combining all these traits, he remains the #1 PPR proven bull available. Having seen 100+ of his daughters, it is easy to see why he is getting such wide spread acceptance and is destined to be a breed great.

54BS517 TONKA excels in making the profitable kind! He is +.07% fat, + protein 4.4 Productive Life AND 1.2 for DPR. Trouble free, easy working cows that dairymen love, that is Tonka.

The next big GENOMIC GEMS!

With the very satisfying results from previous Genomic Gems, we are truly excited to offer perhaps the most exciting group of Gems in history!

54BS577 SILVER is a Kannon X a super young Cadence daughter. He is the #2 Ranking bull for PPR and Net Merit, and ranks near the top of the type, udder and productive life lists. He also adds components and positive daughter fertility. **Semen available February 1!**

54BS573 LUCKY CARL is a Get Lucky X Cartel X the prolific Brookings Cara. He is the #1 bull for PPR, fat and protein, but also delivers 4 points productive life, positive DPR and +1.1 Type!

54BS570 MUSTANG is the 1st Norwin son in the U.S. Besides delivering 1233 pounds milk he is a whopping 7.3 Productive Life, +1.0 for type and is +1.63 Udder Composite.

And speaking of productive life, the Gem **54BS575 TENASCIOUS** is the leading bull in the breed at a whopping +8.7! He is also 3.4 DPR and 2.62 SCS.

A new member to the CHAMPIONS COLLECTION!

What great timing! We are happy to introduce **54BS581 RASTA** who comes from the full sister to **54BS539 RICHARD!** Also exciting as he is a rare chance for U.S. breeders to add Glenn to their breeding programs. He is +1.4 for type and over 1.5 for udder composite.

Update from Holstein Canada

We all appreciate how technology minded Canadian dairy producers are! To this end, Holstein Canada is constantly updating our web services thanks to our new and improved Herdbook software. In the following paragraphs, please find a summary of tools for your members using services offered by Holstein Canada.

Clients are assigned an account number and have access to much information through their web account. When producers place orders or use services through Holstein, often the order can be placed online and the accompanying/ resulting documentation are delivered to the producer's web account much faster than waiting for the mail. In their web accounts, producers can:

1. View/Edit Profile Details (phone number, email, address).
2. Classifier's Schedule notification will appear on the home page 3 weeks prior to the classifier starting in the producer's area.
3. Access their Canadian Genomic Results – as long as their email address is up-to-date, they will also receive email notifications when results are ready. These reports now have breed specific logos.
4. Check up to date Active Milking Females list with the most recent milk test (milk recording herds only).

5. Available in Online Services they can:

- a. Order NLID Tag sets and replacements (outside Quebec).
- b. View a Herd Management listing of animals in their ownership.
- c. View Conformation list of classification visit details.

6. Set their Preferences to receive all documents electronically and receive email notification when new ones are added.

7. Check out their e-Documents – these are available for viewing for one year, or producers can e-file them for future reference.

8. Access Dairy Breed Applications for Brown Swiss, Guernsey, Milking Shorthorn and Canadienne cattle.

9. View statements, invoices and make payments in their Account.

These features are available to all producers at no extra charge when they order tags, classify or genotest with Holstein Canada. Signing up for a web account is easy and can be done on the Holstein Canada website www.Holstein.ca. All producers need to sign up is their account number from their invoice/statement.

ALL CANADIAN CONTEST

Please submit your All Canadian entries to the office by December 31, 2017 or as soon as possible thereafter. The entry form can be found on the association website at www.browncow.ca. Contact the office if you require a hard copy of the form sent to you.

The results will be announced at the Annual General Meeting.

For immediate release – November 21, 2017

A Partnership Between CanWest DHI, Canadian Dairy Network and Valacta

Guelph, Ontario & Ste-Anne-de-Bellevue, Quebec -- CanWest DHI, Canadian Dairy Network and Valacta are pleased to announce an agreement in principle for a progressive new partnership in the dairy industry. The three industry partners are planning a transition that would lead to a unified market presence and joint management of producer services over the coming year. The new partnership will be governed by a producer-driven governance structure to be finalized and approved by members and owners.

“We have worked closely with our partners at CanWest DHI and the Canadian Dairy Network for more than two decades and this is a natural extension of our historic working relationship” announced Valacta Chair Pierre Lampron.

The new partnership would bring together the leading dairy herd improvement organizations responsible for milk recording and genetic evaluations in Canada with the knowledge transfer activities of the Valacta Centre of Expertise. The new partnership would continue to operate from their primary business locations in Guelph, Ontario and Ste-Anne-de-Bellevue, Quebec. The combined organizations will bring together a team of more than 500 people dedicated to providing services to the more than 11,000 dairy farms across the country.

Canadian Dairy Network Chair Norm McNaughton echoed Mr. Lampron’s comments by stating “This is an important milestone in the evolution of our industry. We are demonstrating that not only can we work together across the country, we can also work together across different areas of our industry”.

*Canadian Dairy Network Chair Norm McNaughton, CanWest DHI Chair Ed Friesen and Valacta Chair Pierre Lampron.
The new organization is scheduled to start officially on October 1, 2018.*

-more-

In addition to the two main office locations (CanWest and Canadian Dairy Network are located in the same Guelph building) the new partnership would continue to manage four lab operations (Quebec, Ontario, Alberta and British Columbia). In addition to milk recording and genetic evaluation services, the partners would continue their responsibilities for the analysis of raw milk payment and milk quality services for Dairy Farmers of Quebec, SaskMilk, Alberta Milk and the BC Milk Marketing Board as well as specialized milk analysis services. These lab services will be in addition to the 6 million individual cow samples collected and tested annually by the partners.

CanWest DHI Chair Ed Friesen stated "I'm proud of the leadership demonstrated by the respective Boards. They have the vision and commitment to position the dairy industry for the future and ensure that we have the ability and infrastructure to support Canadian dairy producers and keep us globally competitive for years to come."

The combined organizations will leverage their respective strengths to more fully integrate herd management and genetic/genomic information and knowledge transfer for dairy farmers. The ability to combine these key elements of profitable dairy herd management services will provide Canadian dairy farmers with the tools necessary to ensure our global leadership position both for efficient milk production and dairy cattle genetics.

CanWest DHI, Canadian Dairy Network and Valacta are farmer-run organizations providing profitable dairy management and genetic solutions to dairy producers across Canada.

Quebec News

About 50 people gathered last December 7 at the Fromagerie des Grondines in order to attend the Annual General Meeting of the Québec Brown Swiss Club.

The Association's financial year ended with a profit of over \$10,000.

The club was nearing the end of its action plan and decided to set up a committee comprising board members and breeders in order to fully understand the challenges facing our breeders and to highlight the best objectives for the next 2018-2021 strategic planning.

Four director positions were coming up for election this year. Mr. Dave Labrie, District #1, Ms. Lise Desharnais,

District #3 and Mr. Sem Lehmann, District #7, were reappointed for another two-year term. In District #5, Ms.

Josée Charron from Ferme Brown Haven will replace Mr. Roger Vannod who finished his last term.

The new Club's Board of Directors is now composed of Mr. Dave Labrie Chairman, Ms. Chantal Leclerc 1st Vice-President, Mr. Sem Lehmann 2nd Vice-President, Ms. Lise Desharnais, Mr. Joé Desjardins, Mr. Sylvain Boulanger, Ms. Isabelle Dupré and Ms. Josée Charron.

1st row: Lise Desharnais, Josée Charron, Chantal Leclerc 1st Vice-President, Isabelle Dupré
2nd row: Joé Desjardins, Sem Lehmann 2nd Vice-President, Dave Labrie Chairman, Sylvain Boulanger, Serge Bilodeau Technical Advisor

New #1 LPI for Both Brown Swiss Sires and Cows

The highest newly proven sire last round, Lime Rock Seasidebloom (Brookings x Driver) doubles his production daughters and gains for all yield traits, which translates to the highest LPI increase this round of 161 points. This result moves him easily into #1 LPI position but he is also now #1 Milk, #2 Fat and #1 Protein. He is followed by Jobo Vigor Bush ET (#2 LPI, Vigor x AltaPronto), Cozy Nook Twilight Twin (#3 LPI, Brookings x Etvei), R N R Payoff Brookings ET (#4) and Paysli ET at #5 LPI. Also of interest this round is the arrival of Gubelman Dazzler (Brookings son out of Gubelman Juhus Dazzel) as the highest newly proven sire this round, landing tied at #10 LPI (#5 Milk, #3 Protein). For cows, the fight for top spot continues and this round is won by Nor Bella Paul Eve, who regains #1 GLPI (#4 Milk, #1 Fat, #5 Protein, tied #4 Conformation), while Shady Lane Swiss Brkngs Alpha returns to #2 GLPI. Completing the Top 5 GLPI list, in the exact same order as last round, are Gubelman Brookings Katie at #3, Gubelman Juhus Crystal at #4 (#3 Fat, #3 Protein) and Gubelman Driver Belle in #5 GLPI spot (#2 Protein). The highest newly indexed cow this round is Marlait Brookings Genie at #11 GLPI.

Exhibited by: Kyle Barton, Ancramdale, N.Y.

Premier Breeder: Ken Main and Peter Vail, Copake N.Y.

Premier Exhibitor: Ken Main and Peter Vail, Copake N.Y.

Premier Sire: Blessing Tex Braiden ET

WORLD PREMIER BROWN SWISS SALE:

Total Sales: \$154,950

Lots: 31

Sale Average: \$4,998.38

Ontario News

Season's Greetings to our fellow Brown Swiss breeders. We have just held our Annual General Meeting here in Ontario. Simon and Kristina Signer, Sigview Farms at Moorefield, hosted our

members at their barn before the meeting. They are currently milking 50 Brown Swiss cows. We enjoyed coffee and donuts while we viewed their herd, and then went to Veky's International Cuisine at Listowel for our business meeting.

Each year we present awards to 4-H members who completed a project with a Brown Swiss calf. This year nineteen members received a garment bag to carry their show whites.

Katja Rechsteiner was our Ontario Brown Swiss Miss this year. As well as showing her calf at the fairs, Katja presented the ribbons at our shows and attended our Annual General Meeting. Stefan and Rita Gubelmann hosted the summer picnic this year.

Each year at our Annual Meeting we present production awards based on Ontario Dairy Herd Improvement records. This year's winners are: Highest B.C.A. on 10 – 25

completed records, Heiwa Farm with a B.C.A. of 263.7; Highest B.C.A. on over 25 completed records, Gubelmann Brown Swiss Ltd., with a B.C.A. of 304.0. Most Improved on 10 – 25 records with +17.4, Wylerview Holsteins; and Most Improved on over 25 records, Sigview Farms with a gain of 12 points. Congratulations to our breeders, who always work hard to improve the breed.

The Ontario Brown Swiss Association looks forward to hosting the C.B.S.B.A. Annual General Meeting from March 15 – 17, 2018, in the Lindsay, ON area.

Alberta Braunvieh Report

Greetings to Everyone!

We are almost at the end of another busy year and again the time of year where I, as always, report on what is happening in Alberta.

Well, we had our Annual General Meeting on January 5th, 2017 and quite a few members could not make it – either sick, or on vacation, or some other reason stopped them to come. We will hold the next General Meeting again within the first two weeks of January, depending on the weather. This seems to be the best time for most, because after that, calving starts at some farms already and spring usually is very busy for all concerned with getting fieldwork done and cattle ready for pasture.

We had quite a bit of wet since March and the mud in the spring was terrible to deal with and so we calved everyone inside the barn and kept them in until they were at least a week old before letting them out into the elements. That way, we were lucky and had no scours, but it was a lot of extra effort to keep the barns cleaned.

June 6, I attended the 4-H competition in Camrose. One of the kids had purchased a heifer from us and showed her this year again, with her first calf at side. They placed third in a group of five. The calf was very growth and the judge had a tough decision whether or not to place them

Photo: Swiss Tradition Gold
2nd – in the end, another made it because that dam was in better condition, but had a smaller calf.

Because the wet weather was continuing into summer, “making hay while the sun shines” presented the same

Photo: Swiss Tradition Jazz

challenges as in 2016. Somehow we made it and we have lots of good 1st cut hay. Then the rains quit and the 2nd cut was really poor.

Late August, we hired a young lady, interested in Braunvieh, to help us on the farm. She did a great job with training the cattle for Farmfair International. She

Photo: Swiss Tradition Crackerjack, Reserve Champion Bull

came with us to the Exhibition from November 6 to 12 inclusive. We had a string of 10 animals, all of which we showed in the Multibreed Show against the Blonde d’Aquitaine, Saler and Galloway cattle. We did well, with Swiss Tradition Crackerjack making Reserve Champion bull. Also, for the first time ever, we got a 1st placing and Junior Champion with a bred heifer. Another 1st placing

was achieved with one of our heifer calves who ended up with the Reserve Champion Heifer Calf ribbon. A few other ribbons and the Premier Breeder and Premier Exhibitor banners for us made all the work worthwhile.

Unfortunately, the Paxman's and Paul Penner who had been participating last year, could not make it this time – hopefully, by next year, they will be again in the running.

However, we were pleased to have a new Braunvieh breeder (Allan Nichols) participating in the Multibreed Show with a 3-year old cow and her outstanding bull calf MCR Elvis. Elvis got a well-deserved 2nd place ribbon (pictured below).

George Ulrich made it from Cochrane to see the Show and William Boender also came that day. Bruce and Lori Anderson came again from Cowley, to help with the Show. Kelly and Gary Paxman also managed to come for a visit despite Gary not being all that well right now. To all of you, thank you for your time to support the Braunvieh breed.

The Multibreed Show is one of the most difficult to be judged, due to the many different breeds showing off against each other. Therefore, it would be great to have our very own Braunvieh Show and maybe we can swing it next year, if we get all of the 2016 and 2017 participants to come back plus hopefully entice a few others to each enter a couple of animals or more. To have our own show would be a dream come true after 21 years of exhibiting Braunvieh at Farmfair.

In closing, we wish all of you and your families a wonderful Festive Season and all the Best for a Healthy and Happy New Year.

Sincerely,

Verena Peden
Alberta Braunvieh Association Secretary-Manager

*Message From The
Secretary-Manager's
Desk*

December has been a busy month for the Brown Swiss & Braunvieh office with projects coming to completion and last minute year-end duties falling into place. As we plan for the coming events there is anticipation to begin another successful new year. I hope you will find the time to reflect on the past year and look forward to the many opportunities for 2018 as well.

Thank you to the Quebec Club for once again hosting the National Brown Swiss Show at the Supreme Dairy Show in St. Hyacinthe, Quebec. Congratulations are extended to Ferme Brown Heaven with the new Grand Champion of the Supreme Dairy and National Show, Brown Heaven Thunder Betsy, the 1st place 4 year old. The full results of the show can be found within the newsletter. Thank you to all the exhibitors who showed at the national show and all other shows throughout the year, as it offers great promotion for the breed. The Quebec Club's commitment to hosting the national show ended with the show in 2017. The Board will entertain proposals from all the various provincial clubs wishing to host the next national show in 2018. Please submit your proposals prior to the AGM in March.

Just a reminder if you showed animals in 2017, please submit your entries for the All Canadian contest as soon as possible. The forms are available on the association website or contact the office.

A special thank you to the staff at Holstein Canada for another great year. To Annie Cote, our Registrar for her commitment to completing our registry work in a timely manner and to Linda Markle for always being available to provide guidance and support. Final touches are being put on the automation of the Star Brood Cow Award and the Master Breeder Award. As long as there are no major issues, for the very first time the association will be awarding Master Breeder Awards at the national AGM in March.

The national AGM will be hosted by the Ontario club from March 15 – 17, 2018 in the Lindsay area. Further details are printed in this newsletter. We wish to thank Lori & Dave Bates, Harold Jelinski, Dale Phillips and Tracy Reid for their work thus far in planning the AGM events. Please mark your calendar, book your hotel room and plan on attending to help plan the future path for Brown Swiss and Braunvieh.

At time of writing our new association website is very close to receiving final approval. The hope is by year-end to have a new, user friendly, mobile accessible website. Make sure to check it out!

At this time, I wish to say thank you to the Board of Directors and the members for their support and help throughout the year. From my family to yours, wishing you the gifts of the season – Peace, Joy and Hope. Merry Christmas and a Happy, Healthy, Prosperous New Year in 2018!

Season's Greetings,

Jessie
